Thank you for inquiring about Protec.

To review a sampling of current projects and client references, please visit us on the web at:

www.protecservices.com

Protec's primary website contains detailed information on the many services offered, as well as a cross-section of recently completed contracts in the construction, blasting and conventional demolition fields.

www.implosionworld.com

Click on 'Recent Projects' to view the latest explosive demolition projects worldwide. Then click on 'Photo Gallery' for a look at hundreds of high-profile blasting events on which Protec has performed critical structure inspection, vibration prediction/monitoring, and video/photographic services over the past several decades.
